#About

Shreni has five sections

Byte| Got a Minute| The Aperture| Rang| Whiskers n D2.

Whilst Byte and Got a Minute have articles that are research oriented and carry information on behind the scene happenings, The Aperture aims to inspire outside of the box thinking. Without a comic strip of Whiskers n D2 *Shreni* just couldn't have been published!! Rang means color, we celebrate seasons here, along with it we share an additional informative article in this section .
